PRODUCT DESCRIPTION

Frontier Cover Shield provides surface protection for newly installed floors to prevent scratching & denting. Cover Shield is a breathable foam product and will release moisture under the surface while resisting surface spills and water spots. Cover Shield offers superior resistance to punctures, scratches, and tears.

Advantages

- Protects from stains, oils and chemicals
- Uniquely designed to allow the material to release trapped moisture while resisting water and spills
- Resistant to punctures and tears

Packaging

Available in 48" x 150' (600 sq. ft.) / roll

INSTALLATION

1. Before rolling out Cover Shield, be sure to sweep, vacuum and remove debris from the finished flooring surface.
2. Roll out Cover Shield over the finished flooring surface. Always install with the vented film layer upwards.
3. Use duct tape to connect or splice the rolls across the room.
4. Always be sure to connect the rolls together evenly so that the foam is not overlapping each other and there are no wide gaps between the foam.
5. Cover Shield is reusable, simply roll it up and take it to the next job!

WARRANTY

This product is manufactured according to exacting quality control standards and is warranted to be free from manufacturing defects. Defective material called to our attention within one year of manufacture will be replaced. No guarantee, expressed or implied, is made regarding the performance of this product since the manner and conditions of application are beyond our control.
